NEW ROOTS WORKSHOP

LIVE PROJECT CASE STUDY

EXMOUTH SPRING '24

BACKGROUND

Esteem Team CIC heard about the community projects and work experience programmes being run by New Roots Workshop and contacted us to see if we could support the renovation of their new premises to create dedicated learning zones.

WHY THEY CHOSE US?

- Opportunity to support young people to apply their new skills
- Quality workmanship overseen by skilled instructors
- Cost effectiveness (labour cost savings)

"For each of the young people who helped with our new premises.. Please can you pass on my thanks again to them all, thank you."

Jenna Grace
Esteem Team
Managing Director

OUTCOMES & BENEFITS

Live work experience
Skills learned in the workshop put into practice on a real project

Community collaboration
2 local CICs both working to support young people and improve outcomes

Applied learning
3 young people benefitted from this work experience across the 3 weeks of delivery

Project Planning
Our learners contributed to planning and ordering materials as well as the build!

LET'S DISCUSS YOUR PROJECT
